# **Your Community Information Centre Can Provide You With Information You Need.**

---

## **Who we are:**

Your Community Information Centre is a local organization staffed by paid and volunteer workers. We help people find solutions to social, legal, health, governmental, and environmental problems by either providing information or by referring enquiries to the appropriate service available in the community.

## **Who we provide services for:**

Everyone. Some enquiries come from those to whom people turn for help, but most are from the public. For example, people who need help with government, people looking for day care in their neighbourhood, people looking for community services. We can either tell you what you need to know, or quickly refer you to the right resource.

## **How we operate:**

We maintain extensive resource files of local services and government agencies, departments and their functions. Our staff is experienced in the details of gaining assistance for people and providing needed information.

There is no charge for our service. We are supported by various sources such as the municipal, provincial and regional governments, and the United Way, and local fund raising.

All inquiries are confidential. No one outside our staff will know of your inquiry.
